RESOURCE® THICKENUP® Clear is a food for special medical purposes for the dietary management of people with swallowing difficulties. Must be used under medical supervision. ARGINAID® is a food for special medical purposes specifically formulated with L-Arginine for the nutritional management of wounds. Must be used under medical supervision. Not suitable for use as a sole source of nutrition. Contains Phenylalanine.

Nutritional supplements can only be of assistance where dietary intake is inadequate. Please seek advice on your individual dietary needs from an Accredited Practising Dietitian or your healthcare professional. SUSTAGEN® Hospital Formula Active and SUSTAGEN® Hospital Formula Active Plus Fibre are formulated meal replacements and cannot be used as total diet replacements. Consume as part of a varied and balanced diet and healthy lifestyle.

ISOSOURCE® Standard, NOVASOURCE® GI Forte, RESOURCE® Fruit Flavoured Beverage, RESOURCE® Plus, RESOURCE® Protein and RESOURCE® 2.0 + Fibre are food for special medical purposes specifically formulated for medical conditions where nutritional needs cannot be met through diet modification alone. Must be used under medical supervision.

Checklists For Identifying Undernutrition

Undernutrition is the insufficient intake of food, or where an individual is not getting enough calories, protein or vitamins and minerals to function effectively. An individual may be at risk of undernutrition if they are experiencing one or more of the following signs and symptoms.

Socio-Economic

conditions to look out for:

- Long term institutional care
- Chronic health conditions
- Digestive disorders
- Eating disorders
- Social isolation
- Low income

Physical

symptoms to look out for:

- Reduced appetite
- Fatigue
- Poor concentration
- Depression, anxiety
- Unintended weight loss
- Long wound healing time

Potential causes	Clinicians who can help
<input type="radio"/> Digestive disorders	<ul style="list-style-type: none"> • Gastroenterologist • Dietician
<input type="radio"/> Chewing difficulties	<ul style="list-style-type: none"> • Dentist to review teeth, gum disease or ill-fitting dentures
<input type="radio"/> Swallowing difficulties	<ul style="list-style-type: none"> • Speech pathologist • Ear, nose and throat specialist
<input type="radio"/> Mental health conditions	<ul style="list-style-type: none"> • Psychiatrist • Psychologist • Cognitive disorders and memory services
<input type="radio"/> Visual disturbances	<ul style="list-style-type: none"> • Optometrist or eye specialist
<input type="radio"/> Mobility and dexterity issues	<ul style="list-style-type: none"> • Occupational therapist • Physiotherapist
<input type="radio"/> Socio economic considerations	<ul style="list-style-type: none"> • Social worker

Fact Sheet For Home Enteral Nutrition (HEN)

What is HEN?

The administration of nutrition either orally or by feeding tube directly into the gastrointestinal tract.

Funding Support

Government support is available to purchase HEN products and services from:

- National Disability Insurance Scheme (NDIS) Registered participants may receive support including funding to administer HEN.
- State based support schemes for HEN. Application criteria varies by state. Contact your state government health provider for more info.

HEN Product Categories

- Formula
- Enteral feeds
- Nutritional drinks
- Thickened fluids
- Enteral feeding equipment

Who is HEN for?

Infants, children or adults who are:

- no longer eating or drinking safely, or adequately to meet their nutritional needs
- experiencing swallowing problems from medical treatments
- having difficulty eating or drinking due to physical or intellectual disability
- able to receive therapy at home, outside of a hospital or acute setting

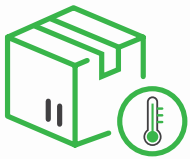

Purchasing HEN Products

A wide range of HEN products are available from Independence Australia to buy and deliver direct to your home.

Visit store.independenceaustralia.com for quick and reliable home delivery.

How to Store Your HEN Products

Keep cool and dry

Store out of direct sunlight and away from moisture*. Find a location with stable temperatures and humidity.

Keep in date

Check the expiration date as products can degrade over time and lose potency with age.

Keep seals tight

Store open unused items in a separate area away from new unopened products.

Keep out of reach

Store as you would any medication, safely out of reach and away from pets and children.

Keep separate

Avoid redistributing to another container or combining with other products in the same container.

Keep in original packaging

Some products require specific packaging for optimal potency and can lose effectiveness if exposed to light.

To purchase your nutritional supplements and home enteral feed equipment, you can visit store.independenceaustralia.com or call **1300 788 855**

DISEASE-SPECIFIC NUTRITION TO HELP PEOPLE LIVE THEIR BEST LIFE

At Abbott Nutrition, we are here to support you in your efforts to help keep your patients or residents in the best of health. With our range of disease-specific nutrition we create solutions that help people live their best life through good health.

Glucerna® is scientifically formulated for people with diabetes or impaired glucose tolerance. It contains slow-release carbohydrates which help to minimise blood glucose response.*¹ It's healthy fat blend supports a healthy heart² and the presence of prebiotic fibre supports gut health.³

Vital® 1.5kcal is a semi-elemental feed for people with GI symptoms, malabsorption, and/or poor feed tolerance.⁴ It is 100% peptide-based, high in energy and protein, easily absorbed and is great tasting!

For patients
not on dialysis

For patients
on dialysis

Available in convenient ready-to-drink bottles, Nepro® LP and HP are low GI⁵ therapeutic nutrition supplements, specifically designed to help meet the nutritional needs of patients with chronic kidney disease.^{6,7}

To order, please contact Independence Australia on 1300 788 855
or visit store.independenceaustralia.com

ENSURE® HAS AN ENTIRE RANGE PROVIDING VITAL NUTRIENTS TO HELP SUPPORT THE IMMUNE SYSTEM

There are times when it's essential to support your patients' immune systems. Good nutrition plays a vital role by providing key nutrients to support your patients' immune health.

ANTIOXIDANTS

Help protect immune cells from damage^{1,2}

PROTEIN

Helps build antibodies and immune cells and plays an important role in healing and recovery^{1,2}

ZINC

Acts as a coenzyme in many important reactions during the immune response²

VITAMINS A & D

Help regulate the immune system and protect against infection^{1,2}

Intervene, Recover and Maintain weight – with Ensure.

Ensure nutritional supplements, ranging from 1.0 kcal to 2.0kcal, provide complete, balanced nutrition, protein, 28 essential vitamins and minerals including antioxidants (vitamins A, C & E), zinc and vitamin D. They come in various formats and delicious flavours to help maximise compliance.

To order, please contact Independence Australia on 1300 788 855 or visit store.independenceaustralia.com

Thank you

By shopping with Independence Australia, you're shopping for **a good cause.**

Independence Australia is a social enterprise that provides choices for people living with a disability or personal need, supporting them to regain and retain their independence.

We send around 2,500 orders a day from our six distribution centres across Australia. As a social enterprise, the income we make is invested back into the vital services we provide to help people with disabilities. Your purchases help us to enhance people's lives.

We're also a registered NDIS service provider, with experts who can coordinate and develop full support packages. We provide participants with a wide range of supports and services, continence, wound care products and mobility equipment.
